		FM 6-5e Version: 02.11.2016	Maintenance plan for rolling machines Maintenance plan for rolling machine Legend for the rolling machine maintenance plan Legend for maintenance plan			
Maintenance:	Responsible:	Check interval:	Operation-Operation	Photo-Photo	Mode-Mode	Documentation:
Maintenance	responsible	frequency				documentation
W 1	Maintenance Maintenance	1x per month 1x per month	Check pneumatics for leaks Check pneumatics for leaks	  	smell or hear an air leak smell or hear an air leak	Maintenance plan Maintenance plan
W2	Maintenance Maintenance	1x per month 1x per month	Check emergency stop circuit lamp test / functional test of metal detector Emergency stop circuit, test the metal sensor		Machine stops upon metal detection Machine stops upon metal detection	Maintenance plan Maintenance plan
W 3	Maintenance Maintenance	1x per month 1x per month	Check emergency stop circuit lamp test Emergency stop circuit,		By touching- touching	Maintenance plan Maintenance plan
W 4	Maintenance Maintenance	1x per month 1x per month	Lubricate and clean joint points Lubricate and clean the axis joints			Maintenance plan Maintenance plan
W5	Maintenance Maintenance	Semi-annual Semi-annual	Lubricate linear bearings Lubricate the linear bearings Check the filter mats and replace them if necessary. Check and if necessary replace the filter mats	    	2 bearings on sliding shaft 1 bearing at coil shaft level 2 bearings on sliding shaft 1 bearing at coil shaft level	Maintenance plan Maintenance plan
W 6	Maintenance Maintenance	Semi-annual Semi-annual	Clean sensors clean the sensors	  	There are 3 detectors There are 3 sensors	Maintenance plan Maintenance plan
